Pharmacists are here to help

Pharmacists can help you 24 hours a day, 7 days a week. Call us if you have:

- Medication questions
- Allergies
- Changes in your health history, other health conditions
- Changes in your medication routines, including over-the-counter or herbal products you take.

Controlled prescription monitoring

We send information on controlled substance prescriptions to prescription drug monitoring programs as state law requires. Access to this information is limited to specific individuals for limited purposes as authorized by law.

Easy open caps

The orange medication bottle caps can be changed from child resistant to easy open:

1. Remove the cap, press down and turn counter clockwise.
2. Turn the cap upside down and close tightly.

Safe medication disposal

Visit [fda.gov](https://www.fda.gov) Go to Drugs > Resources for you > Information for Consumers (Drugs) > Safe Disposal of Medicines
